BODRUM - COS - NiSiROS - TiLOS - RHODES -SYMi - BODRUM

1st DAY: The boarding starts at 3:30 p.m. from the Port of Bodrum. Early-arriving guests can leave their luggages to Our Office. First day dinner and the night will be in Bodrum Port. During this time our guests wishing to explore the city will have a night time. Bodrum has a history that goes back to the 12 th century B.C. The city which was called as ' Halicarnassus' was the birthplace of Herodotus; the ' Father of History' who has lived in the 5 th century B.C. Thus Bodrum was a home to many civilizations and a lot to see: The ' Mausoleum' of the King Mausolus which is one of the Seven Wonders of the World is in this cultural city. Another unique historical work-piece that could still stand till the Classical Century is the Amphitheatre; one of the oldest theatres in Anatolia with a capacity of 13.000 guests, and is still hosting many shows and concerts for the art-lovers in today's Bodrum. The next place that you should see when you arrive Bodrum is the landmark of the city 'Castle of Saint Peter' which has a history goes back to the Medieval Century and today it houses the world's largest underwater archeology museum. Another one that you should not miss; is the 'Myndos Gate' where Alexander the Great had got into Halicarnassus. Bodrum is also popular with its night life. There is an endless choice of entertainment in the city.

2nd DAY : Starts with a welcome on board meeting while you enjoying your breakfast. Our staff will inform you about the cruise program and the boat. During this time your captain will be completing the port- departure procedures. Sail to Kos island starts. Asclepion, known to be the best health-care center of the Antique World is located here. Cos is also the birthplace of Hippocrates; 'the Father of Medical Science. All the Eastern-Mediterranean people were coming to Kos (Istankoy) for their health problems. In the island there is a lot to see; a Medieval century castle; a museum; an antique stadium; Acropoli; an Antique Odeon; an amphitheatre; and Roman Baths. Istankoy is the second large island of the 12 island. (Dodecanese islands) has a very soft climate and very fertile lands in the island, which is full every season, you can see the old and the new time constructions has been located together. The island hosts a 560 years old tree and a 211 years old fountain.

3rd DAY: Engines starting to Nisiros island in the early morning. The volcano of Nisiros island- which means 'the place with figs' in the Aegean Sea- which burst out in 1422 is still active. Nikea village located on the side of the volcano,

has white streets and a mosaic-style square. You can take bus a tour to the Crater which is still active and where you can see the gases coming from underground. On the way back after a short a village tour and a lunch break; we will sail to Tilos Island. The dinner and the overnight will take place in the port of this small, peaceful island.

4th DAY: Sailing to Rhodes early in the morning. Rhodes is the largest of the Dodecanese islands. The island is a very popular holiday place as it has one of the best-protected and the largest European Medieval city and has warm weather almost 300 days of a year. Rhodes has been a home for many civilizations; starting with the knights of St. John in the medieval century, then Ottomans and Italians...thus island has one of the unique historical harmonies and the beauty of these three. The main port Rhodes is the Rhodes City that has the same name with the island. Rhodes city is divided into two main areas: the new town and the old town. One of the most beautiful beaches of the island is in the new town. Other Touristic areas are Rhodes Island, Lyndos and Kamiros. The city, which is still surrounded with 12meters thick city-walls, gives you the feeling of traveling back to medieval century especially when you walk around its narrow stone roads. After dinner our guests are highly recommended to enjoy a Rhodes night out.

5th DAY : By sailing in the early hours of morning towards to Simi island; we will arrive to the Monastery of Panormitis located in the southern part of Simi. After visiting the Monastery and the museum of this quiet and peaceful coast we will take swimming break at noon time and will arrive to Simi port in the evening. You can see the shore-side with its neo-classical houses and the inner streets. The island presents magnificent natural beauties for those nature-lovers and hikers. The island from the north to the south is 13 km. and from the west to east is 8 kms. Long. Total area is 68 square kilometer. You will love Simi with its pine and oak forests and unique bays.

6th DAY: After a short sailing in early morning we will get into Turkish waters from Datca. You can enjoy a short-walk on the shore side while your captain is finishing with the customs procedures. Datca has been founded by the Dors who have been immigrated from Aegean islands to the southern coasts of Yonia in the 7th century B.C. In the city you will see the temples built on behalf of Apollon and Venus huge theatres; game and meeting saloons. The island has no humidity at all and has a very fresh air. The history writer Strabon has a saying about Datca's weather: 'God leaves his fellow ones whom he wants to have a long life on Datca island. According to a myth while the Spanish pirates were passing from Datca waters had disembarked the diseased people in Datca and these people got well with the help of the clean weather of Datca. Sailing to Cnidus after lunch. Cnidus was a developed city in science art and construction. Eudoxos the very popular astronomy and math's professor; Dr. Euryphon; the popular painter Polygnotos; The builder of the Alexander the Great's light house- one of the seven wonders of the World- Socrates and the doctor who saved the life of Persian king from a disaster; Ktesias lived in this island. Dr. Euryphon and his students have founded the second largest medical sciences school in Cnidus. The island also homes the largest sun clock of its time implemented by Eudoksos. Datca has been the home for Aphrodite's monument and has got his fame with Demeter who was known as ' the beautiful- haired queen. A place always kept in mind with its love and sex stories. The whorehouse wrecks are best evidences that tell us the sex life in Datca. At those times the places that have become famous with their whorehouses have been the popular places for the sailors and the Arabian tradesmen. The dinner and overnight will be in Cnidus.

7th DAY : Sailing in the early morning .Docking in Karadad Poyraz port and the last swimming break in these beautiful blue waters the afternoon we will be sailing to Bodrum Port for the dinner and overnight.

8th DAY : Leaving the boat after breakfast taking all your unforgettable and very enjoyable memories with you.
